---

# Overall Structure of the Plan

- 1 Introduction
- 2 Description of the Basin
- 3 Water Resources of the Basin
- 4 Current and Projected Water Demand
- 5 Comparison of Water Resource Availability and Water Demand
- 6 Water Management Strategies
- 7 Water Management Strategy Recommendations
- 8 Drought Response
- 9 Policy, Legislative, Regulatory, Technical, and Planning Process Recommendations
- 10 River Basin Plan Implementation

# Chapter Content

# 1

- Background
- Planning Process
- Mission Statement, Vision, and Goals
- Public Participation
- Previous Water Planning Efforts

# Chapter Content

## 2

- Physical Environment
- Climate
- Natural Resources
- Agricultural Resources
- Socioeconomic Environment

# Chapter Content

# 3

- Surface Water Resources
- Surface Water Assessment Tools
- Groundwater Resources
- Groundwater Assessment Tools

---

# Call for Photos

- Send us your Pee Dee basin photos!
- Photos with people are more engaging
- Please send via email at highest resolution available

# Breakout Sessions

## Common questions for each group:

- In your view, what are the most important water challenges in the Pee Dee?
- What audience are we trying to reach with the Pee Dee River Basin Plan?

## Specific questions:

- Chapter 1 group: What other existing water planning efforts do you know of?
- Chapter 2 group: What makes the Pee Dee the Pee Dee?
- Chapter 3 group: What other water resources assessment tools do you know of?

---

# Thank you.
