APPLICATION INSTRUCTIONS - Agricultural Manure Broker Permit

Purpose:

This form must be completed as part of an application package submitted for DHEC approval of proposed NEW, EXPANDING or PERMIT RENEWALS for agricultural manure broker operations. The required items should be checked to ensure that a complete administrative package has been submitted. If a complete administrative package is not submitted, the entire project may be returned.

Item-by-Item Instructions:

Section 1 - Contact Information. *Date:* Enter the date of application. *Operation Number:* Leave blank, Department will assign a facility number. *New or Expanding Operations:* If this application is for an existing operation that has previously obtained a agricultural manure broker permit from DHEC, then indicate by checking EXPANDING or RENEWAL, or NEW if this is a new operation. If EXPANDING or RENEWING, provide the following: *Permit Number;* Provide the permit number for the permitted operation, and *Issue Date;* Provide the date on which DHEC issued the permit. *Farm Name:* Give the name of the proposed agricultural manure broker operation. *County:* Give the county in which the proposed operation is to be based. *Broker's Name, Address, Phone Number, and e-mail:* Enter the name, address, phone number, and e-mail address of the person who will be responsible for the daily operations. *Plan preparer:* Enter the name of the engineer or NRCS representative who has prepared the management plan. *Title/SC Registration Number:* Enter the title and SC registration number (if applicable) of the person responsible for the design of the Broker Management plan. *Address, Phone Number, and e-mail:* Enter the business address, phone number, and e-mail address for the plan preparer.

Section 2 – Manure Handling & Treatment. *Manure Handling:* Circle DRY or WET to indicate the type of manure handling for this operation. *Manure Treatment/Storage:* Circle YES or NO to indicate whether a manure treatment or storage facility is being proposed for this operation and give a description of the treatment proposed. *Exceptional Quality Compost:* Circle YES or NO to indicate whether you are applying for the manure treated at your facility to qualify as exceptional quality compost (must meet product quality standards outlined in Part 300 of R.61-43). *Trained Manure Manager:* Has a representative for the farm operation completed the Confined Animal Manure Managers (CAMM) class conducted by Clemson Extension Service? If so, please include the name and CAMM number of the farm representative, but if not, include the date for the class that a representative has registered.

Section 3 – Manure Utilization Area Information. This table outlines the required setbacks for manure utilization areas. This table should be filled out if the broker is adding permanent manure utilization areas to his management plan. Please enter the field identification information for each field, tract number, field number; and the actual separation distance for each manure application field in the appropriate spaces. Make copies of this section if you need additional tables for the field information.

Section 4 – Permit Application Submittal Requirements. Check each item that is being submitted as a part of this application. All items under Section 4 should be submitted to DHEC for review. In accordance with the Environmental Protection Fee Reg. 61-30, an application fee is required for submitting an Application for agricultural animal facilities. There is a requirement that DHEC meet certain time frames when processing permit applications. The “DHEC Time” is not the total time but rather it is the time that DHEC spends working on an application after a complete package is received. “DHEC Time” does not include the time an applicant takes to supply any information that may be requested by DHEC. The fees and time frames are as follows:

Agricultural Permit Application Fees		
<i>Facility Type</i>	<i>DHEC Time</i>	<i>Fee</i>
Manure Broker Operations.....	90 days.....	\$165

Note: Make **CHECKS** payable to SC DHEC/Bureau of Finance.

Regulation R61-30 also authorizes DHEC to assess annual environmental operating permit fees for certain permits. All new facilities must submit payment for the first years operating fee before the permit to construct is issued. The operating fee is \$75 per year for manure broker operations.

Section 5 – Certification. *For this section,* please read the certification statements and have the appropriate person(s) sign the certification.

DHEC Processing Procedures:

Two (2) copies of the submittal package are submitted to DHEC. After Permitting, DHEC files the original in the main project file, located in DHEC’s central office. DHEC sends a copy of the approved package to the appropriate EA Regional Office.
