INSTALLATION LABOR	\$ 4,320.00	May 2025	
Grand Total	\$ 20,000.00	June 2025	

What goals will be accomplished?

The funds shall be used on facilities capital improvements of a pole barn which will empower us to further our mission statement “to save the critically endangered SC State Heritage Horse in its native habitat on Daufuskie Island through equine oriented programs that benefit the public,” this critical project will not only improve our horse’s routine care and quality of life but improve the safety, organization, diversity, access and frequency of program offerings to underserved populations who deserve access to the therapeutic benefits of working with horses.

Proposed measures to evaluate success in implementing and meeting the goals:

Record keeping to include measuring the quantity of day tourism, program participants served, horses served and revenue generated plus demographic data of tourists and program participants such as hometown, have you been to Daufuskie Island before, have you heard of a Marsh Tacky before, did you know about this horse’s significant contributions to SC history, heritage, culture, development, transportation, agricultural and wartime efforts, have you ridden a horse before will all be measured and recorded to measure and evaluate our successes and/or areas of improvement.

How will the proposed funds benefit the taxpayers of South Carolina?

The history, heritage, and culture of South Carolina and the Lowcountry that the Marsh Tacky represents belongs to all of us and it should be accessible to and celebrated by everyone! The therapeutic benefits that working with horses and learning horsemanship provides should not be only enjoyed by the wealthy or privileged. The Marsh Tacky was the people’s horse, it was the working class horse. Now ironically it is one of the rarest breeds of horse in the world. Our vision is to raise awareness and the population of the Marsh Tacky by offering programming (lessons, therapy sessions, trail rides, special events, clinics, camps) to the public who may not otherwise have access to horses. This pole barn will empower us with the space to make this happen!

To Whom it May Concern:

This letter serves as an official notice that, Daufuskie Marsh Tacky Society, a 501c3 nonprofit organization established in 2015 to save the critically endangered South Carolina State Heritage Horse in its historically native habitat on Daufuskie Island through equine oriented programs that benefit the public, is requesting state level support in the amount of \$20,000.

The funds shall be used on facilities improvements to enable us to further our mission statement. Our goal is to break ground on developing our 7 acre parcel located at 293-294 Old Haig Point Rd, which is adjacent to 281 Old Haig Point Rd, these properties combined are our permanent location for the horses and nonprofit.

The end goal which is still a few years out for completion, includes a 70x30 pole barn for stalls, shop, museum space, classroom space and overnight accommodations for staff, interns, students, volunteers and special guests. We will also be able to host special events from this location. This phase of improvements is the planned next step since accomplishing improvements made possible by last year's award cycle.

The total project costs through completion are going to be covered by a mix of grants, sponsorships and individual donations. This funding opportunity will allow us to break ground, make progress and inspire more support, plus ensure that our organization will be able to sustain itself perpetually and serve future generations of horses and humans.

Thank you!

Signed,

Erica Veit

Please explain how these funds will be used to provide a public benefit:

With the funds from this grant cycle, we will begin our next phase of developing our permanent location to fulfill our mission statement. Upon completion this Pole Barn capital improvement project will not only allow us to better serve our critically endangered SC State Heritage Horses but empower us to better serve the public through an increase in the quantity and quality of the programs we offer to include primarily the breeding, lessons, horse therapy and youth day camp sessions. Through these programs we educate the general public about horsemanship and the history, heritage and culture of SC and the Lowcountry Region as it can be taught in a captivating way through the narrative of the Marsh Tacky horses. Students who learn horsemanship and horseback riding are taught fundamental life skills to include responsibility, accountability, communication, compassion, kindness, trust, independence, work ethic, balance, hand eye coordination, written, oral, math and science skills. This funding support will further allow us to begin our internship program designed to encourage high school students to pursue college degrees in large animal veterinary science and medicine.

The Pole Barn will in addition to foaling stalls, include a workshop, classroom space and overnight accommodations for staff, interns, students, volunteers host special events from this location. The total project costs are going to be covered by a mix of matching grants and individual donations. This funding opportunity will allow us to break ground, show progress and inspire more support. Thank you!

To whom it may concern,

SCDES has multiple proviso distributions that are due to various entities. Every year, entities receive funds from the Legislature through proviso section 118. These funds are required for specific projects.

Daufuskie Marsh Tacky Society has submitted all required documentation for their appropriated project, Land Improvement and Infrastructure.

We respectfully ask that you process these as z-special so that we can release payment as required to this vendor immediately after the processed distribution invoices are audited and approved by State CGO.

If you need additional detail or have questions or concerns regarding these invoices, please do not hesitate to reach out to Vasa Cate at Vasa.Cate@des.sc.gov.

Thank you,

Chris Wimberly
