RE: Congaree River Cofferdam/No Impact Certification

Mr. Biery,

The County Hydrologist and I have reviewed and approved the No Rise/No Impact Certification for the Congaree River cleanup and removal project.

As I understand, this project and the responsibility for permitting falls under the jurisdiction of the City of Columbia. I concur a permit may be issued based upon the submitted documentation.

If you need additional assistance from me, please do not hesitate to call or email.

A handwritten signature in black ink, appearing to read "Chris J. Stone".
